SATURDAY, AUGUST 5, 1911.

RECIPROCITY OR RESTRICTION?

Land south of the international border is high-priced—because of the market for its products. Once that market is thrown open to products of land this side the border, the tendency must be for land here to rise to the price level of land in the border States. The market which has made land south of the border worth one hundred dollars per acre must make land north of the border worth more than it is today.

ANOTHER SHUFFLE COMING?

A Vancouver despatch cites the probability that Mr. Cowan, the late member for that city will not be a candidate in the coming contest. Sir Charles Hibbert Tupper is named as a probable successor to the candidacy. When Sir Charles Tupper confided the leadership of the Opposition party to Mr. Borden the general understanding was that Mr. Borden would be a stop-gap to keep others out of the place until Sir Hibbert was ready to enter into his inheritance. The Vancouver despatch suggests that the family think it time to retire the seat-warmer.

SIGNS OF THE TIMES.

The Quebec Provincial Government are said to be thinking of going to the country at once. Apparently they find reciprocity very popular in their province, and calculate that by going before the electors now they would get some assistance from the strong tide of public opinion in favor of the policy of their Federal friends.

The Whitney Government in Ontario have given no sign of an intention of consulting the electors at this time. They would likely enough do so if they thought reciprocity unpopular in their province. For in that event they would not only receive benefit from the current of popular hostility to the measure, but would be able to add something to the strength of the current, thus helping both themselves and their Federal friends. That they have measured up the chances may be taken for granted. That they are not considering an election goes to show that they see no profit in appearing as the enemies of reciprocity.

MILL-MEN AND RECIPROCITY.

Opponents of reciprocity have been counting with assurance on the British Columbia lumbermen being with them. The following paragraph from the Calgary Albertan suggests that they may have a surprise coming from that quarter:

The Calgary lumber dealers at the present time are in the midst of a very bad mix-up, through receiving a raw and dirty deal from some of the British Columbia lumber mills, which will involve the tying up of thousands and thousands of dollars, and big lawsuits into the bargain. This has resulted from the Dominion customs in Calgary making a seizure of some 250 cars of lumber which came from the States, when the local dealers thought they were getting British Columbia lumber. In other words, the local dealers bought large quantities of lumber from British Columbia firms, which, instead of shipping from British Columbia, the lumbermen bought in the States and re-sold to local dealers. Thinking the lumber came from British Columbia the local firms unloaded their cars without getting a clearance from the customs. Undressed lumber is duty free, but nevertheless a customs clearance must be given before being unloaded. This was not done and consequently the local customs officers, following instructions, have made a seizure totalling the value

of 250 cars. This means that the local dealers have to pay the full value of the consignment. The local dealers have paid up but will have to present their claims at Ottawa for the refund.

This looks as though the British Columbia mill-men were not even waiting for reciprocity, but were already practising it with profit. If they have no objection to reciprocity in lumber—and these circumstances seem to show that they have no ground for objection—it is not clear why they should object to reciprocity in other things. Like the fruit-growers of the same province, their opinion on the question has probably been misrepresented, in hope of buoying up the courage of the Opposition and keeping the members from British Columbia in line.

TWO KINDS OF SELFISHNESS.

The Toronto News declares the "East—erman manufacturers are not one whit more selfish than the leaders of the Western Grain Growers. Each regards his own interests, and the manufacturer at least does as much towards the growth and development of Canada as the Grain Grower of Saskatchewan or the United Farmer of Alberta."

The Grain Growers of course have in mind their own interests in supporting the reciprocity agreement. But it is not correct to say that in supporting it they are pursuing as selfish a course as the manufacturers who are opposing it. The farmers are not asking that the other classes in the country be prevented buying farm produce from the United States if they can do so to advantage, but that they be allowed to do so; not that the consumer be obliged to buy from them, and to pay prices fixed under an import-preventing tariff, but that the tariff be removed and the consumer allowed to buy where he can buy for the least money.

The manufacturers, on the other hand, have not in this case the poor excuse that they are fighting to prevent a sharp cut in the protection on what they produce. The agreement does not make a large cut in the tariff on manufactured goods. It does make a reduction, but not a large reduction, certainly not large enough reduction to account for the rabid hostility that has been developed against it. The chief feature of the agreement is the privilege it gives the Canadian farmer to sell his products in the Republic if he can get more money for them there; and in opposing the agreement the chief object and end of the hostile forces is to prevent him doing so.

The farmer is fighting for his right to sell in best market, and in doing so is fighting for the right of the consumer to buy in the cheapest market; the manufacturer who opposes the agreement is fighting to prevent the farmer selling where he can get most money, and the consumer buying where he can get the most for his money. The farmer is struggling to free himself and others from bonds; the manufacturer to retain the bonds. The selfishness of the farmer goes only to the extent of claiming his inherent right to market his produce where the market is best. The selfishness of the manufacturer opponent of reciprocity, goes beyond his own rights, and aims at forcing others to sell and buy where he wants them to sell and buy—regardless of what the consequence to them may be. The one man is fighting to gain his own commercial liberty. The other man is fighting to prevent him gaining it.

OBSERVATIONS.

Port Arthur Chronicle—The Conservatives, by persisting in a course of obstruction, are preventing the government from carrying on the business of the country save under intolerable conditions have invited disaster to themselves and the cause of the manufacturers and the money lenders and they must abide by the result.

Lethbridge Herald—Even the fruit-growers of Ontario have withdrawn their opposition to reciprocity, and are now ardent supporters of the pact. Never too old to learn, when the lesson is easy.

Winnipeg Free Press—Of the thirty-six liberal members from Ontario in the late dissolved parliament, thirty-five will offer for re-election. This must be a record of its kind. The exception is Sturtevant, where Lord Smith writes in favor of a candidate who represents in the singularly beautiful and suggestive name of Gage.

THE FINANCIAL AND COMMERCIAL MARKETS

EDMONTON MARKETS.

Edmonton, August 4.—A continued slump in the price of potatoes in the local market, due to the fact that the market in the city, no old potatoes are to be had and the new ones have not yet descended to the plane of everyday life, where they can be bought for \$1.00 to \$1.50 per bushel. The quality continues to improve, although there still remain quantities of the small variety.

Other vegetables are becoming more common, but the price in Edmonton, which can be bought for about four cents and even as low as three, while cauliflower is to be seen everywhere, with improved roads reaching about show marked increase during the coming week.

Difficulties of travelling are affecting the hay problem. Also there has been a falling off during the past week of two and even what hay is offered for sale shows the hard usage given it by the weather. A good deal of that stood on the market today had to be dumped at a reduction owing to its very bleached appearance. What hay was made today, it is a better color and caught the top prices. Potatoes in beginning to be a feature once more in the local market and it is hoped that there will be no cessation. Live spring chickens are to be had at the end of each and four (live), at 75c on the live street market.

Butter and eggs remain at former prices, but the price in Edmonton is lower.

The following are today's prices: GRAIN, LOCAL PRICES.

THE CANADA NATIONAL FIRE INSURANCE CO.

was incorporated by Special Act of the Parliament of Canada for the purpose of carrying on the business of Fire Insurance, as outlined in the Insurance Act and the Special Act of Incorporation.

Capital Stock, Authorized by the Board \$2,000,000.00
Capital Stock, Subscribed to date \$1,650,000.00

The Head Office of the Company is in the City of Winnipeg, and in addition to this, Branch Offices and Agencies will be established throughout the Dominion.

It must be generally conceded that, owing to the satisfactory conditions at present prevailing throughout not only Western Canada, but the entire Dominion, this Company is being organized at a most favorable and opportune time.

Canada, and particularly the Western portion of the Dominion, is advancing in population and wealth more rapidly than at any other time in its history, and every indication points towards a period of great prosperity and development.

The great influx of settlers into Western Canada is resulting in tremendous activity in every line of business. Railroad construction is proceeding on a scale hitherto unknown in this country, and as adequate transportation of vital importance to the immense crops with a proper degree of facility, it is highly encouraging to see so much well-directed energy along the lines of railway extension.

Coincident with railway extension we find many new districts rapidly filling up with desirable land, and with the settlement of the rural districts, new towns and villages are springing up, which, during the next few years, become, in many instances, important business centres.

With such unprecedented growth in Western as well as Eastern Canada, involving an expenditure of millions of dollars in building operations, it is at once evident that there is a very extensive and profitable field for a new Fire Insurance Company, which will have a thorough organization throughout the length and breadth of the Dominion, and more particularly in the four Western Provinces.

As a great volume of our business will be transacted in the West, it is a matter of the greatest importance that the Head Office of the Company, as well as the Directors, should be located in the West, so that the affairs of the Company may be conducted to the best possible advantage.

DIRECTORS.

The Board of Directors, consisting entirely of Western men with a very intimate knowledge of Western conditions, and they are, accordingly, well conversant with the financial and general business requirements of the West. They are thoroughly representative of the various important branches of financial, commercial, industrial and professional life in Western Canada, and with their wide reputation for business ability and integrity, as well as financial standing, combined with a long and varied experience, and practical knowledge of business affairs, they are exceptionally well qualified to render excellent service to a large financial institution.

As the Directors have valuable connections with extensive business interests and are also Directors of other financial corporations, as well as being otherwise identified with large and influential companies, which control a great deal of high-grade fire insurance, they will be instrumental in placing a large portion of this desirable insurance with the new Company, so that we may safely conclude that from the very beginning of operations a large and profitable business will be assured.

Under these favorable conditions, and with a strong, energetic, as well as experienced and conservative management, combined with the fact that the Company has a total paid-up capital of five hundred dollars (\$11,500) of the Capital Stock, on which all calls have been paid, and takes an active interest in the welfare of the Company, it is our conclusion to draw, and that is that the affairs of the Company will be conducted in such a careful, conscientious and intelligent manner that the interests of both policy-holders and stockholders will be fully protected.

It is worthy of note that \$1,650,000 of Capital Stock has already been subscribed by prominent business and professional men throughout the Dominion and elsewhere.

No commission has been paid to anyone for securing stock subscriptions, and no expense has been incurred in the promotion and organization of the Company, except the expense in connection with securing the Charter and other necessary expenses.

THE CANADA NATIONAL FIRE.

The Canada National Fire Insurance Company, which is being organized in the West, may be truly called a Western Company, and, as such, it represents the liberal patronage and hearty cooperation of the citizens of Western Canada, as well as the support of people from Eastern Canada, who desire to become associated with a strong and progressive Canadian Company.

When promoting this Company, the Directors were fully convinced that there was a splendid opening in Western Canada for a Company prepared to carry on the business of Fire Insurance on a large and comprehensive scale, and which, at the same time, could offer adequate protection to both policy-holders and shareholders. Accordingly, when making application for a Dominion Charter, the Company was issued with a capital of \$2,000,000, of which amount the Directors decided to offer for public subscription the sum of \$2,000,000.00.

The all-important feature in Fire Insurance is PROTECTION; and with the large capital, combined with the high standard of Reserve, which the management, through careful selection of risks and profits from judicious investments, the Directors and Management feel confident that this Company will be secured a very heavy patronage by Canadian citizens, and will soon rank as one of the leading Fire Companies.

Without a large and substantial Capital for the Protection of the Policy Holders, a Fire Insurance Company is Seriously Handicapped, and Does Not Afford the POLICY HOLDER THAT PROTECTION TO WHICH HE IS JUSTLY ENTITLED, and the Directors of this Company being fully aware of this most important fact, are adopting a very wise policy in offering for subscription such a large amount of capital stock; and when our

CHIEF AGENT FOR CANADA:

W. E. FUDGER, ESQ.

entire stock is subscribed and paid in full, it will represent the largest amount of subscribed and paid-up capital of any Canadian Fire Insurance Company, and will be a tower of strength and of very material benefit to the company in carrying on its extensive operations.

It shall be the policy of the Company to use the utmost discretion in the selection of desirable risks, and, at the same time, to so widely distribute its business that any danger arising from a possible conflagration at any point may be reduced to a minimum.

The investment of the Company's funds will be given the greatest care and attention by the Board of Directors.

Only **First-Grade** securities will be considered, such as first mortgages on improved, productive real estate, stock, bonds and debentures of companies of high repute, as well as Dominion securities and municipal, county and school debentures of well-established districts.

As a large percentage of these securities is readily negotiable, the Company will have abundant liquid assets to meet any possible contingency that might arise.

Our first mortgage investments will be confined to Western Canada, and as the rate of interest obtainable on first-grade productive real estate is fully two per cent. greater in the West than in Eastern Canada, the Company will have a decided advantage over companies operating exclusively in the other portions of the Dominion. A fixed policy of the Company is to loan no more than fifty per cent. of a conservative value of the property, and to stipulate a definite return of principal, together with interest, each year during the term of the loan. With these periodical repayments of principal, and with land values in Western Canada steadily increasing, the Company's first mortgage securities will continue to improve year by year.

With the active development in Western Canada, a great deal of the capital will be required for many years to come, and the Company will, therefore, experience a very ready demand for its funds on high-grade securities and at a profitable rate of interest.

The Directors decided to issue the stock at the price of **One Hundred and Fifteen Dollars per Share**, being at a premium of fifteen per cent.

The terms of subscription are:

On application, \$25.00 per share, which shall include the premium of \$15.00 per share; and the balance, payable in ten consecutive half-yearly instalments of \$9.00 per share; the first of such half-yearly instalments to become due and payable six months from date of allotment of share.

Shares may be Paid in Full at time of subscription, but if purchased on the Instalment Plan the subscriber shall have the privilege of paying any or all of the instalments prior to due dates.

The Following Table Shows the Amount of First Call as Well as the Subsequent Payments:

| No. of Shares | First Call | Half Yearly |
|---------------|------------|-------------|
| 1 | \$ 25.00 | \$ 9.00 |
| 10 | 250.00 | 90.00 |
| 15 | 375.00 | 135.00 |
| 20 | 500.00 | 180.00 |
| 25 | 625.00 | 225.00 |
| 30 | 750.00 | 270.00 |
| 40 | 1,000.00 | 360.00 |
| 100 | 2,500.00 | 900.00 |
| 200 | 5,000.00 | 1,800.00 |
| 300 | 7,500.00 | 2,700.00 |

Table Showing Total Purchase Price of Shares at the Price of \$115.00 per Share.

| No. of Shares | Total Purchase Price |
|---------------|----------------------|
| 1 | \$ 115.00 |
| 10 | 1,150.00 |
| 15 | 1,725.00 |
| 20 | 2,300.00 |
| 25 | 2,875.00 |
| 30 | 3,450.00 |
| 40 | 4,600.00 |
| 50 | 5,750.00 |
| 100 | 11,500.00 |
| 200 | 23,000.00 |
| 300 | 34,500.00 |

No Bonus Stock shall be issued for any purpose whatsoever, and even the directors, who are very heavily subscribed in the Company, have paid the same price for their shares as the general public. No one share has been nor will be issued to any person at a low price than \$115.00 per share.

This is a rare opportunity to secure some of the Capital Stock of a Western Fire Insurance Company. With a large amount of desirable and profitable business so readily obtainable by the Company through its valuable and extensive business connections, rapid progress should be made; and with investments carefully selected and unexcelled in earning power, the Company will be enabled to not only pay substantial dividends but build up a large reserve, and thereby materially increase the value of the stock.

The Directors firmly believe in the policy that every shareholder should co-operate with the management of a Company and take an active interest in its welfare. For that reason, it is their intention to widely distribute the Capital Stock and by that means, obtain the support of the leading business and professional men throughout the country.

With the rapid development of the West during recent years, involving an outlay of many millions of capital, it has become generally recognized that Western Canada is very much in need of more large financial institutions, and especially of Western origin, to properly meet the growing requirements of the West, and to not only improve the present financial situation, but to materially assist in extending to many of our most desirable business, with its resultant profits, within our Western borders.

The business of fire insurance has now grown to such large proportions that it has become a very important factor in the financial and commercial world, and as its scope and influence is so general and widespread, it is only natural to find that the question of ample protection to policy-holders, which is the primary function of fire insurance companies, should be so generally discussed at the present time.

This important subject has given rise to a very strong feeling in Western Canada, that the time has now arrived when the Western people should organize a Fire Insurance Company of such strength and proportions, that it will soon rank as one of the leading fire companies of America, and command general respect and confidence, which is so essential to a company that solicits the support and patronage of all classes of the community.

The Directors have every confidence that they will receive the hearty cooperation of not only Western citizens, but of people from every part of the Dominion, to build up a great fire insurance company with ample protection for the people, and which will be a source of pride and credit to our country.

The Canada National Fire Insurance Company

(Incorporated by Special Act of the Parliament of Canada)

HEAD OFFICE: WINNIPEG, MANITOBA, CANADA

APPLICATION FOR CAPITAL STOCK

I, _____, hereby apply for _____ shares of the par value of One Hundred Dollars (\$100) each of the Capital Stock of the Canada National Fire Insurance Company at the price of One Hundred and Fifteen Dollars (\$115) per share, being at a premium of fifteen per cent. and I covenant and agree with the said Company to pay for the said shares as follows: Twenty-five Dollars per share on application which shall include the premium of Fifteen Dollars per share, and the balance in ten consecutive half-yearly instalments of Nine Dollars per share; the first of such half-yearly instalments to become due and payable six months from date of allotment of said shares.

I further agree to accept said shares when they are allotted to me, and I do hereby request that my name be duly registered in the books of the Company as the holder of such shares.

Applications for stock will be filed in the order received and on approval of same by the Board of Directors, a Stock Certificate will be issued and mailed forthwith.

The holder of these shares will be paid the dividends that may be declared on the same from time to time by the Board of Directors. Dividends shall be deferred and apportioned in proportion to the amount paid into the Company on the par value of the shares.

Calls on shares may be paid prior to due dates, and when all of such calls have been paid, a fully paid certificate will be issued to the holder of such shares.

These shares are transferable only on the books of the Company by the grant in person or by attorney on surrender of the Certificate of Stock properly endorsed. Transfers shall not be valid unless approved by the Board of Directors.

Signed in the presence of _____ Name (in full) _____
Street and No. _____
Place _____
Date _____
Occupation _____

The following Canadian Government Insurance statistics should prove of special interest:

In the year 1909, the total amount of fire premiums collected in Canada was \$1,765,399.00, whereas, in the year 1909, the total premiums charged amounted to the large sum of \$22,558,638.25, and of this amount, \$6,551,644.41 was charged by Canadian Companies; \$11,518,207.44 by British Companies, and \$4,228,721.39 by American Companies.

During the last forty-one years the aggregate amount of fire insurance premiums collected in Canada reached the immense total of \$288,740,468.00, of which the large sum of \$198,110,047.00 represent the amount of fire premiums collected by foreign companies, and which, therefore, was taken out of the country to build up foreign companies and enrich foreign shareholders.

Notwithstanding that a considerable portion of the fire premiums collected in Canada by Foreign Companies has been repaid to Canadian policy-holders, through fire losses, it must be evident the larger the proportion of Canadian fire insurance that is placed with Canadian Companies, the larger is the amount of capital retained in the Dominion, and always available for investment purposes, to build up our Canadian financial institutions and thereby add to the general wealth and prosperity of our country.

The above figures are most significant and clearly demonstrate that while the Canadian Fire Companies have been doing a satisfactory business, they have secured only a small portion of the Fire Insurance transacted in Canada; or, to be more exact, only twenty-two per cent. of the total Fire Insurance written in Canada covering a period of the last forty-one years. With the extraordinary progress which Canada has been making during recent years, the field for fire insurance is being extended widely, and it is a constantly increasing demand for new, large financial corporations.

By further reference to our Government statistics, it will be observed that at December 31st, 1909, the total number of Canadian Fire Companies, operating under Dominion Charter, was only twenty-one, and of this number, only two had a paid-up capital in excess of \$800,000.

In promoting this large Canadian Company, the Directors are fully confident that the new organization will, with characteristic Western energy and enterprise, soon come to be recognized as an important factor in the insurance world, and as The Canada National Fire will be instrumental in retaining within the boundaries of Canada a large amount of money which would otherwise be taken out of the country to build up foreign corporations, the people of this growing Dominion will readily see the advantage of giving this Company the moral and financial support, in order that we may build up a strong and vigorous Company which will prove a valuable acquisition to our Canadian monetary institutions.

This is the last opportunity to secure direct from the Company, some of its desirable Stock.

It is worthy of special note that the demand for the Stock has exceeded the Directors' most sanguine expectations; in fact, the \$2,000,000 of stock to be issued, \$1,650,000 has already been subscribed, and from present indications, with the large number of applications for stock being received daily the Directors are confident that the balance of the issue, which is now only \$350,000, will be subscribed by August 26th, 1911, the date appointed for the closing of Stock subscriptions.

For this reason, the Directors strongly recommend the investing public to mail their applications for Stock at their earliest opportunity.

Subscribers are requested to kindly fill in attached application form, stating name in full, number of shares desired, occupation and address, and mail the application along with the first call of Twenty-five Dollars (\$25.00) per share on the stock, direct to the Head Office of the Company, Winnipeg, Man., or, if so desired, application may be made for the stock at any of the Company's Branch Offices or at any of the Royal or Imperial Banks where application blanks and any additional information will be readily furnished. Applications for stock will be considered in the order received, and on approval of same by the Board of Directors, a Certificate for the number of shares subscribed, will be issued and mailed to the shareholders forthwith. Cheques, Drafts, Money Orders or other remittances on account of Stock subscriptions should be made payable to The Canada National Fire Insurance Company.

AROUND THE CITY

LOCALS

The entry list for the work horse parade closes today and the complete list will be published by the secretary this afternoon.

NICOLSON-THIRLE

The marriage took place at the Gateway Hotel, Friday afternoon of Peter Nicolson of Edmonton and Miss Thirle of Glasgow, Scotland, who had just arrived in the city. The ceremony was performed by Rev. J. Nicolson, Mr. and Mrs. Nicolson will make their residence in Edmonton.

G. T. P. APT. HERE

H. H. Brewer, general superintendent of the Grand Trunk Pacific railway, arrived from the east last night in his private car "Prince Louis" attached to No. 1 and in connection for some time with local G. T. P. officials. He leaves for Winnipeg this morning.

SPECIAL CAR SERVICE

A special morning service will be inaugurated on the Jasper avenue east route to the exhibition grounds beginning on Monday next. The service will be for the convenience of exhibitors who may desire to go to the fair grounds preparatory to the opening of the fair. The service will leave Sixteenth street at 6.52 a.m. and thence at intervals of twenty minutes until 1 o'clock, when the regular 15 minute service will resume.

TORONTO DIVINE COMING

The Rev. D. McTavish, M.A., D.D., of Central Presbyterian Church, Toronto, will arrive in Knox Church, Strathcona, on Sunday morning at 11 a.m. in the first Presbyterian Church, Edmonton, on Sunday evening. Mr. McTavish arrives in the city by C.N.R. from the east. He will be the guest of Principal Doyle in Strathcona during his visit to the city. On Sunday evening he will leave on his return to Toronto.

CHILD BORN ON TRAIN

A passenger train a half hour out from Edmonton was stopped at the station last night from the Grand Trunk Pacific train which drew into Edmonton from the west at 10.30 p.m. This was a child born to Mrs. Edward Smith, of Strathcona, on the train while running through itself. The child was born at 11.15 p.m. and the mother was in good health. The child is a girl and weighs about eight pounds. The mother is now in the hospital and the child is being nursed by her mother.

IN POLICE COURT

Robert Welch and Wm. G. Dewar, two Scotchmen, appeared in the police court yesterday afternoon to answer the charge of buying articles from youths under sixteen. The articles in question were bicycles stolen by McParlane and Steinman, who were sentenced Thursday to terms at Portage la Prairie. The trial adjourned. They pleaded guilty and were each fined \$10 and costs. H. Ellis and W. V. W. were fined \$1 and \$2 respectively with costs for riding bicycles on the sidewalk. A Chandler, proprietor of the Rural Temperance Hotel, was ordered to pay \$10 and \$2 wages for improper dismissal.

BOY HAD NARROW ESCAPE

Sydney avenue was the scene of a wild runaway at 6.45 last night which horrified all spectators, and came near to having fatal consequences.

INNISFAIR

Weather sometimes fine, and then varied with showers, has been the routine. Today has opened fine but more so. Markerville, where nearly all the people have moved to Markerville, 15 miles north-west, to take part in the "Innisfair" National Holiday and picnic. The town has also been made.

The Board of Trade held a meeting last Friday to discuss the proposed deviation of the original road of the C.N.R. Today has opened fine but more so. Markerville, where nearly all the people have moved to Markerville, 15 miles north-west, to take part in the "Innisfair" National Holiday and picnic. The town has also been made.

A Conservative meeting is to be held at Red Deer on the 8th inst. and speakers are out to that effect. Mr. J. H. McLeod, of Hiram, is to be in charge of the meeting.

It is shipping a large number of cattle to Calgary.

Considerable improvement is being made in the approach to the public school. Teams are working daily putting the approaches into good shape.

A. Higgins, who followed his family to Victoria, B.C. last week, took with him one of the finest stags he has ever seen here for some time.

A. Appell, the popular secretary of the Innisfair Agricultural Society, and other ladies, has been confined to the hospital a few days, but is slowly improving.

The theatre has been quite busy providing good entertainment for the people. Moving pictures yesterday and today. About 150 persons were present last evening. Paul Gilmore is coming on the 10th inst. with "The King of the Humming Birds."

J. H. "Bushman's" circus and railway show is due here next Saturday, the 5th inst.

There is "plenty good" and numerous other articles are being continuously. Haying is in full swing and will be in a fine spell, which will mean success to the crops.

WAINWRIGHT.

Bulletin News Service.

Last night the Wainwright citizens witnessed one of the finest games in football of the season. The game was between the town team and the Grand Trunk Pacific men. The winners taking the fieldhouse shield and medals. The town team scored two goals in the first half and the Grand Trunk Pacific men scored two goals in the second half. The local team rushed the ball three or four times down the field and at last succeeded in scoring a goal. The Grand Trunk Pacific men, leaving the G.T.P. men the winners with a score of 2-1.

The Wainwright Amateur Athletic Association have decided to lease the grounds of the Hiram Association for twenty-five years. Grand stands will be erected and the track greatly improved. The sports committee also intend to run a sports meet next year with the aid of the farmers. Wainwright will see a better year next year.

Mr. Seefield, of Winnipeg, has moved the saddlery business of H. Ward, and will take charge of it to suit.

Wainwright, August 2.

AVOID DECEPTION

Use Newb's Hairdressing Cream.

Wearing artificial hair is a harmless deed of which many ladies are guilty. These women are all objects for sympathy rather than criticism.

Early notice in the case of an accident has caused the loss of so much hair that their personal appearance is much marred. To correct this defect they resort to artificial hair.

Most ladies would resent any imputation of personal carelessness and permit their natural hair to become so dull, brittle and lusterless that it looks no better than the artificial.

All this is so unfortunate as it is that many ladies are misled by the cheap, low quality, artificial hair which is sold by the hairdressers.

This remedy is Newb's Hairdressing Cream. It is a simple, safe, and effective preparation in one dollar bottle to sell and guarantee everywhere.

Applications may be obtained at the best hairdressers and hairdressing parlors.

The Hairdressing Co., Ltd., 10, Dundas St., West, will send a nice sample bottle to any lady upon receipt of the name of address.

School boys and girls. They were responsible for the defeat in the first five, the second five, the third five, the fourth five, and the fifth five.

Winnipeg Baseball Club Have Recalled Team

Maroons Have Been Recalled from Moose Jaw by the Club Officials—Statement of Case Has Been Sent to National Board—Club Does Not Expect to Lose Deposit.

Winnipeg, Aug. 4.—The withdrawal of the Winnipeg Baseball Club from the Western Canada circuit was contained in an ultimatum dispatched by wire tonight to President Eckstrom at Lethbridge, by Frank Bell, secretary of the Maroon club.

The wire is as follows: "Having received no word or proof from you in answer to telegram of July 30 that Moose Jaw, Calgary, and Edmonton are within the salary limit, we presume that from contracts on file in your office you are aware they are all exceeding the limit, neither has any word been received that any effort has been made by you to make the teams cut down although you have stated frequently since the commencement of the season that you would enforce this clause and that it had been registered with National Board. It was also enacted that each team should only carry twelve men including the manager. This is being disregarded and no effort is being made to check it. As your league is running in a go-as-you-please method, with no apparent change from last year and no better prospects for the future, we have decided to recall our team from Moose Jaw with out any intention of surrendering our territorial rights, or losing our deposits, as we have been and are now prepared to finish the season in accordance with the rules and regulations now in force. We intend to deal with our players ourselves in whatever way we see fit. Brandon has intimated withdrawing.

(Sgd.) MARON BASEBALL CLUB. Eckstrom Gets Wire. Lethbridge, Aug. 4.—Brandon Baseball Club has wired President Eckstrom suggesting closing the league tomorrow, sending the following message: "We think it advisable to get the consent of all the clubs of the league to close the season on Saturday, Aug. 5. The gates are not paying expenses. We have written the other clubs for consent."

President Eckstrom has received no similar message from Winnipeg and says that he will pay no attention to Brandon's message. If the eastern clubs drop out it will make little difference to the other clubs meaning only a re-arrangement of the schedule for the balance of the season. If they drop out they will lose their franchises. The other clubs are all anxious to finish the season. Pres. Eckstrom is of the opinion that the league would be better off without the two Manitoba clubs.

FOUR TEAM LEAGUE NOW IN SIGHT

Winnipeg Will Likely Withdraw Following Winnipeg's Loss to Saskatoon—Maroon Club Will Probably Have New Schedule Made and Finish League.

Now that the Winnipeg club has withdrawn from the league, it is probable that a four team league will be organized. The four teams would be Calgary, Edmonton, Regina, and Saskatoon. The league would be organized for the season of 1912.

Taste The Taste!

It's One of Those HANKERING TASTES That You Can't Seem to Get Enough Of.

SOCIETY IN THE CAPITAL

BY PENELope

The marriage of Miss Yvonne Cauchon, daughter of Mr. and Mrs. Joseph Cauchon and granddaughter of the late Hon. Joseph Cauchon, ex-Governor of Manitoba, to Mr. Albert Edward Nash, son of Mr. E. A. Nash of Winnipeg, took place at the place on Aug. 3.

On Saturday evening Major and Mrs. Culbert entertained at a jolly summer dinner in honor of their guest, Miss Lenore Dickenson of Winnipeg. A most enjoyable evening was spent—the lovely dishes, the exquisite music, and the appointments being delightful. The guest of honor was given in sort of a royal reception and triumphs of old and new. While Miss Culbert wore a stylish gown of white satin with effective overtones of green velvet.

Miss Walter a guest at the house, was accompanied by her sister. Only too soon the evening came to a close and a reluctant as revoir was said.

On Wednesday afternoon Miss Atkins entertained at a jolly affair. The house was elegantly and in a heavily embroidered linen. In the room, fragrant with flowers, Mrs. Dickson and Mrs. K. B. McKenna did the honors, at a much admired table. Miss M. Brown was an attentive assistant.

Miss Dorothy Dickson entertained at a dance last evening in honor of her guest Miss Holmes of High River.

Mrs. Wilson and Miss Wilkins were the hostesses at the golf links today.

PERSONALS.
The Premier and Mrs. Sifton are expected home shortly.

Mr. D. W. McDonald, who has been the guest of Mrs. Henry for a week returned home on Tuesday.

Miss Joan McDonald spent the weekend at Gull Lake, in the guest of Mrs. McKenna.

Miss Dorothy Dickey and Miss Peggy Merrill returned to Edmonton this week after a pleasant fortnight spent in High River.

The following players leave on Sunday night for Calgary to compete in the annual tennis tournament: A. H. Dickson, A. E. Nash, H. C. Carlin.

Ideal Orchid Perfumes

GLENORA

Double corner in block 77, facing east. Price \$2,000.00—Half cash, balance to suit. Good lot in block 50. Price \$1,000.00—Half cash, balance 6 and 12 months. 10 good high and dry lots in block 79. Price \$1,000.00 each—One-third cash, balance 9 and 18 months.

Construction work on the Alberta Central Railway is in progress, but is being delayed and is not likely to be completed until the fall.

One outfit of over one hundred men, with teams, etc., left on Friday to work six miles west and two miles north of the bridge. The grade at the bridge near the proposed station here and at the end of the Red Deer bridge. It is expected that steel will be laid shortly to the river so that the structural steel for the bridge over the Red Deer river may be hauled out. Nearly all the cement work and bridge work on the bridge is completed.

The large wooden bridge just west of the railway yard is completed now. It will be used for the hauling of material for the bridge over the Red Deer river.

The contractors have started the laying of the new cement sidewalk extensions for this year and are making rapid progress.

Mr. Frank Smith left on Wednesday for Gull Lake.

Miss Galt, who has been the guest of Mrs. Bessie Scott, returned to Fort Steele, B.C., on Thursday.

Athabasca Landing

"Where Rail and Water Meet"

Athabasca Landing, with its Lumber Mills, its Boat Building, its Water Transportation, Coal Mining, Natural Gas, with the best Farming Country in the West, headquarters of the Hudson's Bay Company, Revillon Bros., Hiesop & Nagel, will be the busiest manufacturing city in the West. Nothing can stop it. Athabasca Landing has four times as many large business concerns, according to population, than any other city in the West. It will be some pleasure to have a home at the beautiful City of the Landing, when you can take your summer vacation in one of the Northern Boats for a trip of 300 or 400 miles on the river in modern boats. No other city in the West has these same advantages.

Buy Before The Big Boom

THE ARRIVAL OF THE STEEL IN SEPTEMBER OR OCTOBER WILL IMMEDIATELY CAUSE PRICES IN ATHABASCA LANDING TO RISE WITH A JUMP. IT IS ONLY A CASE OF HISTORY BEING REPEATED.

We are showing 120 views of the Landing and its surrounding points. We would be pleased to have you call and see these views. Whether you buy or not it will be worth your time. We are open evenings until 10 o'clock.

Open Evenings Until 10 p.m.
